

Habitat for Humanity of Greenville County

Job Description: Construction Volunteer

Function: This position is responsible for assisting in performing construction tasks on build sites.

Supervisor: Habitat Construction Staff, Quality Assurance Team (QATs)

Responsibilities:

- Tasks vary daily and include all construction tasks involved in building a house: include framing, roofing, siding, trim, painting, installing doors and windows, landscaping, etc.

Qualifications:

- No construction experience is required.

Schedule:

- Participation as committed through VolunteerUP registration or through signing up with sponsor organization.

Daily Details:

- Morning shifts are from 7:30 AM-12 PM and afternoon shifts are from 12:30 PM-5 PM. Volunteers can sign up for either morning or afternoon shifts, or they can work all day.

Training Provided:

- On-site training is provided by Habitat construction staff, QATs, and project leaders.

Benefits to Volunteer:

- Appreciation
- Being part of HFHGC mission and helping to provide affordable housing in Greenville County
- Learning new skills
- The opportunity to interact with a variety of different people
- Lunch provided if working on a build site all day
