

**ReStore**

**YOU DON'T HAVE TO LIFT  
A HAMMER TO HELP**

## **ReStore Individual Volunteer Opportunities**

### Sales Team

Works with staff to ensure each customer who enters the ReStore has a great experience each time they visit. Assists with organizing, displaying items, customer inquiries, pricing merchandise, cash register transactions, and overall cleanliness of the store. Excellent opportunity for passionate, friendly, outgoing individuals.

### Donations Receiving & Processing

Helps, on the back end, to make sure donations are processed in a matter suiting our ReStore donors and store needs. This position assists by receiving incoming donations, cleaning and distributing items to appropriate departments for pricing and eventual display on the sales floor. Great position for someone looking to do physical labor as well as work behind the scenes to ensure ReStore success.

### Electronic & Mechanical Repair

Plays a key role in assessing donated electronic, appliance, and small engine items and preparing them for the sales floor or recycling. This individual will unload, sort, test, repair (if necessary) and clean items for display on the sales floor. Perfect opportunity for skilled volunteer looking to give back or someone looking to learn new skills.

### Furniture Recondition & Repair

This project based opportunity works to increase the value of our donated items which maximizes the impact on our mission. Volunteer will select furniture for recondition, refurbish and repair as well as identify and price antique items. Ideal for skilled volunteer or individual looking to gain experience in repair and restoration.

### Office Assistant

Assists with the administrative tasks associated with the ReStore. Office assistants can help our scheduling department plan donation pick ups, answer phones, organize and log volunteer data and other projects as needed. Great for individuals with administrative experience or who enjoy organizing.
